Shop's specialty is skin care. Ageless Remedies offers spa-like setting  
By Nell Floyd, Rick Guy/The Clarion-Ledger

Ageless Remedies Medical Skincare and Apothecary in Ridgeland specializes in anti-aging skin-care treatments in a peaceful, spa-like setting decorated in aqua and brown. The medical spa is next to the Sprint store in Northpark Station, which is the shopping center facing Northpark mall behind Mazzio's Pizza restaurant on County Line Road. "We have a lot of people who stop by because they've noticed us when they're driving to Northpark mall," said Teresa Burgess of Madison, chief operating officer for the Ridgeland location.

Botox, Restylane and collagen injections, custom facials, chemical peels, microdermabrasion, laser hair and spider vein removal, and laser dermatology cellulite treatment are some of the treatments offered. Airbrush tanning using all-natural products, massage therapy and a variety of skin-care products - including Obagi, SkinCeuticals, Prescribed Solutions, SkinMedica, Procyte, Glytone and ERA spray-on foundation - also are offered.

Many consumers attracted to the spa are in their late 30s, early 40s and older, who want help with signs of aging such as wrinkles, sun damage and age spots, Burgess said. Others who seek help are teens with acne, she said. Anna Shields of Brandon, a skin-care expert at Ageless Remedies, said she does the facials, waxing, chemical peels, laser hair removal and laser vein removal.

Dr. George E. Abraham III, medical director and owner of the Mississippi franchise of Ageless Remedies, handles Botox and Restylane injections, Shields said. "We offer Botox and Restylane on Saturdays when many other places that offer it are not open," Burgess said.

The Ridgeland location is a franchise of Ageless Remedies, which was founded in Atlanta in 1999 by Maureen Herrmann and Jennifer Curtin, Burgess said. Hours are 9 a.m. to 6 p.m. Monday through Saturday. For more information, call (601) 977-0099.
