

## LIFE ON CAPITAL HILL

Denver, CO

January, 2006

- **THE LATEST MEDICAL SKIN SPA** in CCN, Ageless Remedies Medical Skincare & Apothecary at 3rd and Columbine, won't just help fix skin damage, it also has solutions to *avoid* more harm.

Ageless **Remedies Medical Skincare & Apothecary** is now open for business in the former Rice Gallery space at the corner of 3rd and Columbine.

Ageless is an eastern US franchise now venturing west of the Mississippi for the first time. The shop at 2610 E. 3rd offers a variety of medical skin care services plus apothecary services, vending several lines of "healthful" cosmetics and indulgences.

Services include Botox and laser facials. Manager Nancy Hughes-Delprete promises that this new generation of laser face enhancements won't leave your skin looking red and swollen for weeks on end, either.

There's also a laser demalogy cellulite treatment and all services are available per session or in multi-session packages.

Glo Mineral is one brand of skin-friendly makeup offered for sale through Ageless, which also has a physician on staff to provide treatments and dispense prescription skin care products. Hughes-Delprete claims Glo

Mineral is both anti-bacterial and anti-inflammatory and even contains sunscreen. What's not to love?

Hours are Tuesday to Friday from 9 am-7 pm, Saturdays 9-5 and Sundays 10-4 pm. The number is 303-320-1515.
